

BOILERPLATE

DNS Made Easy is a subsidiary of Tiggee, and is a world leader in providing global IP Anycast enterprise DNS services. DNS Made Easy implemented the industry's first triple independent Anycast cloud architecture for maximum DNS speed and DNS redundancy. Originally launched in 2002, DNS Made Easy's services have grown to manage hundreds of thousands of customer domains receiving more than 30 billion queries per day. Today, DNS Made Easy builds on a proud history of uptime and is the preferred DNS hosting choice for most major brands, especially companies that compare price and performance of enterprise IP Anycast alternatives.

INDUSTRY LEADING SERVICES

Primary or Secondary DNS services, DNS Failover with System Monitoring, GeoDNS, proprietary ANAME records, URL Redirection, Round Robin Load Balancing, Backup Email Service, SMTP Service, and Email Forwarding.

OUR NETWORK

The DNS Made Easy consists of 16 points of presence, over 1,000 name servers, and hundreds of gigabits of connectivity.
